Welcome to Kindergarten Admissions!

If you live in New York City and your child is turning five years old in 2016, your child should begin kindergarten in September 2016. We are excited to welcome your child to our schools and are here to help you along the way.

New York City families can apply to kindergarten online, over the phone, or in person at a Family Welcome Center.

This book will guide you through every step of Kindergarten Admissions. If you have any questions about applying to kindergarten, call 718-935-2009 or visit: nyc.gov/schools/kindergarten.

Kindergarten Admissions Timeline
Application period begins on December 7, 2015
Application deadline is January 15, 2016
Placement offers distributed in March 2016
Pre-registration starts in March-April 2016

The Kindergarten Admissions Process

All New York City students turning five years old in 2016 should apply to kindergarten. This includes students with disabilities and English Language Learners.

There are four steps in the admissions process in the year leading up to kindergarten:

1. Explore your options and make your list of schools.
2. Submit your application.
3. Receive a placement offer.
4. Pre-register.

Here are a few important facts you should know before you start.

- Admission is not first-come, first-served. All applications received by the deadline are treated the same, based on schools' admissions priorities.
- Students are considered for placement at each school based on a priority order called Admissions Priorities. Review the Admissions Priorities in each section of this book, and the groups that were admitted to each school last year, to understand whether your child has a good chance of being admitted to particular schools.
- Most kindergarten students attend their zoned school, as that is where they have the highest priority to attend. Your zoned school is determined by your home address. If you don't know which school is your zoned school, call 311 or visit: nyc.gov/schools/schoolsearch. Even if you are planning to attend your zoned school, you need to submit an application.
- All five-year-olds are entitled to a kindergarten placement, so even if you miss the application deadline, your child will still be able to enroll in kindergarten for the 2016-2017 school year.

Explore Your Options and Make Your List of Schools

You should use this directory to find out more about the process and school options for your child, then visit schools of interest to learn more. To find open house and tour schedules, contact schools or visit nyc.gov/schools/kindergarten.

You can list multiple schools on the application, including your zoned school. As you prepare your application, make sure to rank programs in order of your preference. Rank the schools you prefer the most first, but also include other schools in case your child cannot be placed at your most preferred school(s). There is no right or wrong approach when ranking schools on your application. Your child's priority to a school is dependent on the school's Admissions Priorities.

For example, if you rank three schools ahead of your zoned school and you don't get an offer at any of those three schools, your child may still get an offer to his or her zoned school, because that's where your child has a high priority. Similarly, if you only rank three schools but do not list your zoned school, and you don't get an offer at any of those three schools, your child may still get an offer to another school, mostly likely his or her zoned school. For more details on Admissions Priorities, review pages 5-6.

Submit Your Application

From December 7, 2015 through January 15, 2016, you can apply to your zoned school and any other schools that you believe would be a good fit for your child. You can apply online by visiting nyc.gov/schools/kindergarten, in person at a Family Welcome Center, or over the phone by calling 718-935-2400. For a full description of the application methods, see pages 3-4.

Only one application can be processed per child. Where there are joint custody agreements, only the primary custodial parent/guardian can submit an application. If there is no specific provision addressing school decision-making, the parent who has primary physical custody of the child during the school week is considered to be the custodial parent.

Receive a Placement Offer

You will receive notification about your placement offer in March.

WAITLISTS

You will automatically be placed on the waitlist for the schools you ranked higher than the school where your child received an offer. For example, if you received a placement offer for the school you listed third on your application, you will automatically be included on the waitlist for your first and second choice schools. These schools will contact waitlisted families directly if they are able to offer them a seat; no additional action is required of families at this point in the placement process.

Pre-Register

In order to accept your kindergarten offer, you must contact the school to make an appointment to pre-register starting in March. If you pre-register your child at the school where you receive an offer, you can still receive and accept an offer from a school where your child is waitlisted. Please note that if your address has changed since you applied, your child's priority to attend may have changed, and the offer may no longer be valid.

When pre-registering, **you must bring your child with you**, as well as:

- Proof of your child's age (child's birth certificate, passport, or record of baptism which includes the date of birth, or other official document of age; see Chancellor's Regulation A-101 for documents accepted for proof of age)
- **Two** documents verifying proof of residence. Acceptable documents are listed below:
  - Lease agreement, deed or mortgage statement for the residence;
  - A residential utility bill (gas or electric) in the resident's name issued by a utility company (e.g., National Grid or Con Edison); must be dated within the past 60 days;
  - A bill for cable television services provided to the residence; must include the name of the parent and the address of the residence and be dated within the past 60 days;
  - Documentation or letter on letterhead from a federal, state, or local government agency, including the IRS, the City Housing Authority, the federal Office of Refugee Resettlement, the Human Resources Administration, or the Administration for Children's Services (ACS), or an ACS subcontractor, indicating the resident's name and address; must be dated within the past 60 days;
  - A current property tax bill for the residence;
  - A water bill for the residence; must be dated within the past 90 days;
  - Rent receipt which includes the address of residence; must be dated within the past 60 days;
  - State, city, or other government issued identification (including an IDNYC card), which has not expired and includes the address of residence;
  - Income tax form for the last calendar year;
  - Official NYS Driver's License or learner's permit, which has not expired;
  - Official payroll documentation from an employer issued within the past 60 days such as a pay stub with home address, a form submitted for tax withholding purposes or payroll receipt (a letter on the employer's letterhead is not adequate); must include home address and be dated within the past 60 days;
  - Voter registration documents, which include the name of the parent and the address of residence;
  - Unexpired membership documents based upon residency (e.g., neighborhood residents' association), which include the name of the parent and the address of residence;
  - Evidence of custody of the child, including but not limited to judicial custody orders or guardianship papers; documents must have been issued within the past 60 days and include name of student and address of residence.

The Kindergarten Application

You can apply for kindergarten from December 7, 2015 through January 15, 2016 in one of three ways: online, in person, or over the phone. Please do not submit your application by mail or to a school. No matter how you apply, make sure you get a receipt. If you do not receive a receipt, there may have been a problem with your application submission.

Application Methods

Apply Online: Visit nyc.gov/schools/kindergarten to create an account and submit your application. After you submit the application, we will email you a receipt. We recommend that you apply online, so you can access your account and receipt at any time. You'll also receive notifications via email, which is faster than information sent by mail.

Please note: Parents and guardians must use their own email address to apply online. If you do not have an email address and/or do not wish to provide an email address, please apply over the phone or in person.

If you do not have a computer at home and would like to apply online, you can use a computer at any New York City public library with a free library card. To sign up for a free library card, you need to provide proof of address. To find a library in your area, call 311.

The deadline to apply online is Friday, January 15, 2016 at 11:59 PM.

Apply Over the Phone: Call us at 718-935-2400

- Call between 8:00 AM and 6:00 PM, Monday through Friday.
- If you speak a language other than English, be sure to request an interpreter.
- You will receive your application receipt by mail.

The deadline to apply over the phone is Friday, January 15, 2016 at 6:00 PM.

You must list the older sibling's information on the application for your child to be considered for sibling priority. All sibling information is verified by the school before offers are made.

Please call 718-935-2400 for assistance.

Translated materials are available at: nyc.gov/schools/kindergarten.

Kindergarten Admissions Priorities

Standard Admissions Priorities exist for zoned schools and non-zoned schools. While there are some schools with Admissions Priorities that are different, most zoned and non-zoned schools use the priorities described below.

Zoned Schools

Most students attend their zoned school for kindergarten. A zoned school admits students who are zoned to the school (those who live in a designated area surrounding the school). Your zoned school is determined by your home address. If you don't know your zoned school, call 311 or visit the Department of Education "School Search" (nyc.gov/schools/schoolsearch) and enter your home address in the search bar.

Students who live within a school's zone are prioritized for admission to that school. Most zoned schools can enroll all students residing in the zone, but there are some exceptions. If the zoned school has more zoned applicants than available seats, siblings are admitted first, then remaining seats are offered based on a random selection from other zoned applicants. If the zoned school has room after all zoned students are enrolled, students in the priority groups listed below may be offered placement, starting with non-zoned siblings.

Students must continue to reside in the zone both at the time of pre-registration and at the start of the school year in order to retain their entitlement to attend.

In general, students who reside in the school's district have a higher priority than students residing outside the district. New York City is divided into 32 Community School Districts (often referred to in this directory as "district"). Your district is determined by your child's home address. You can also find your district, by calling 311 or visiting the Department of Education School Search site: nyc.gov/schools/schoolsearch.

Standard Admissions Priorities for Zoned Schools

1. Students residing in the zone, who have a sibling at the school in grades K-5 in September 2016;*
2. Students residing in the zone, who do not have a sibling at the school.

If space allows, students residing outside the zone may also be admitted, in the following priority order:

3. Students residing in the district, who have a sibling at the school in grades K-5 in September 2016;*
4. Students residing outside the district, who have a sibling at the school in grades K-5 in September 2016;*
5. Students residing in the district, who currently attend the school's pre-kindergarten program;**
6. Students residing outside the district, who currently attend the school's pre-kindergarten program;**
7. Students who reside in the district, other than those in (3) and (5) above;
8. Students who reside outside the district, other than those in (4) and (6) above.

*A sibling is defined as a brother or sister—including half-brothers, half-sisters, stepbrothers, stepsisters, foster brothers, foster sisters—of the applicant, who lives in the same household. Schools offer a priority to applicants with verified siblings in the school.

**Students who are currently enrolled in pre-kindergarten and want to apply to the same school for kindergarten will receive priority for admission in kindergarten, but only in the school they are now attending. This priority only applies to students who do not receive zoned and sibling priority. Not all schools have pre-kindergarten.

Non-Zoned Schools

Throughout New York City, there are schools without a zone that give priority to applicants based on sibling priority, district of residence, and in some cases, other criteria. While most non-zoned schools follow the standard Admissions Priorities below, you should review the school pages in this book to learn about each school's Admissions Priorities and the criteria used to prioritize applicants.

In general, students who reside in the school's district have a higher priority than students residing outside the district. New York City is divided into 32 Community School Districts (often referred to in this directory as "district"). Your district is determined by your child's home address. You can also find your district, by calling 311 or visiting the Department of Education School Search site: nyc.gov/schools/schoolsearch.

Standard Admissions Priorities for Non-Zoned Schools

1. Students residing in the district whose verified siblings will be enrolled in grades K-5 in the school in September 2016;*
2. Students residing outside the district whose verified siblings will be enrolled in grades K-5 in the school in September 2016;*
3. Students residing in the district who are currently enrolled at the school for pre-kindergarten;**
4. Students residing outside the district who are currently enrolled at the school for pre-kindergarten;**
5. Students who reside in the district, other than those in (1) and (3) above;
6. Students who reside outside the district, other than those in (2) and (4) above.

* A sibling is defined as a brother or sister—including half-brothers, half-sisters, stepbrothers, stepsisters, foster brothers, foster sisters—of the applicant, who lives in the same household. Schools offer a priority to applicants with verified siblings in the school.

** Students who are currently enrolled in pre-kindergarten and want to apply to the same school for kindergarten will receive priority for admission in kindergarten, but only in the school they are now attending. This priority only applies to students who do not receive zoned and sibling priority. Not all schools have pre-kindergarten.

Choice Districts

There are three districts in New York City where there are no zoned schools. These districts are District 1 (Lower East Side - Manhattan), District 7 (South Bronx), and District 23 (Brownsville-Brooklyn), and they are called Choice Districts. If you live in one of these districts and would like to apply to kindergarten there, make sure you pick up a Choice District publication for that district. These publications can be found at your local Family Welcome Center (see page 3 and online at nyc.gov/schools/kindergarten). Families who do not live in these districts may apply to kindergarten there, but should review each school's Admissions Priorities as families who live in those districts receive higher priority for placement.

Meeting Your Child's Needs

There are many different types of programs and services provided in kindergarten to support your child's unique academic needs. Not all schools offer the services and programs listed below, so if you have questions about what programs are offered at a particular school, please contact each school for more information.

Gifted & Talented Programs

Gifted & Talented (G&T) programs are one way the New York City Department of Education supports the educational needs of students with unique academic ability. G&T programs aim to deliver accelerated, rigorous, and specialized instruction aligned to the Common Core Learning Standards. Children who are New York City residents in pre-kindergarten through 2nd grade are eligible to participate in G&T Admissions.

There is a separate application for Gifted & Talented programs. Families interested in applying for a kindergarten G&T program should have submitted their Request for Testing (RFT) form by November 9, 2015. Students who became New York City residents after the RFT deadline on November 9, 2015 may request summer testing. You can also request that your child be tested for first grade placement in early fall 2016.

If you have completed a RFT form and your child is taking the Gifted & Talented test, you will receive notification of eligibility in April. If your child meets the eligibility criteria, you will have the opportunity to apply to Gifted & Talented programs. For more information about Gifted & Talented admissions, please visit nyc.gov/schools/gt.

Magnet Programs

A magnet school is a public school that offers a school-wide curriculum designed around a specific theme. While some schools have the word "magnet" in their school's name, only those schools that received Magnet Schools Assistance Program (M.S.A.P) funding will be designated as "magnet."

Programs for Students Learning English

The Department of Education provides a range of programs and supports to ensure that English Language Learners (ELLs) develop the language skills necessary to excel in elementary school. New York City schools use three types of English language programs to support ELLs: English as a New Language (ENL), Transitional Bilingual Education (TBE), and Dual Language (DL), detailed below.

English as a New Language (ENL): Freestanding English as a New Language (ENL) programs, offered in all New York City public elementary schools, are taught in English with home language support. All public schools offer ENL classes; content courses incorporate ENL strategies to help students learn English and the subject matter.

Transitional Bilingual Education (TBE): Transitional Bilingual Education (TBE) programs are designed to support students as they transition from classes/subject matter taught in both English and the native language to classes taught primarily in English. Students also receive ENL in this program model. As the student develops English proficiency, instruction in English increases and home language instruction decreases.

Dual Language (DL)*: Dual Language (DL) programs provide enriched instruction in two languages (half in English, half in the target language), with the goal of developing students to become bilingual, biliterate, and bicultural. Both ELL students and English-speaking students act as linguistic role models for each other, and through their interactions, language development in both languages is supported. ELLs in this program also receive ENL. If you are interested in a Dual Language program, you must apply directly to the program on your kindergarten application.

*Dual Language programs aim for a balanced number of ELLs and English-speaking students; therefore, some seats may be reserved for ELLs. Additionally, schools may conduct an assessment and an interview with the child, to determine a child's home language and English proficiency.

Identifying English Language Learners: As the parents or guardians of a newly enrolled student, you are required to complete a Home Language Identification Survey (HLIS) at the school within ten days of your child's first day of attendance at school. This survey lets school staff know what language you use in your home. If the HLIS indicates that your child uses a language other than English, the school will determine whether he or she is eligible to be given an English proficiency test called the New York State Identification Test for English Language Learners (NYSITELL). Performance on this test determines whether your child is entitled to ELL supports and services.

ELL Program Orientation: If your child has been identified as an ELL, you will be invited to attend an ELL parent orientation at your child's school within ten days of his or her first day of attendance at school. During the orientation, you will fill out the Parent Survey and Program Selection Form and select the program that you believe best meets your child's needs. If you do not receive this form, you can request it from the school. The school pages in this directory list the ELL programs currently offered for kindergarten students

in each school according to school-reported data. For the most up-to-date information about ELL program offerings, contact schools directly.

All schools offer ENL programs, and all schools are expected to open a TBE or DL program when the families of at least 15 ELLs in a single language in one grade or two consecutive grades have requested that program. By selecting a TBE or Dual Language program on the Parent Survey and Program Selection Form, families help inform which ELL programs should be offered at schools.

For more information about all ELL programs and services available in New York City public elementary schools, please visit: nyc.gov/schools/Academics/ELL and nyc.gov/schools/Academics/ELL/FamilyResources. You can learn more about the ELL Enrollment Process by watching the Parent Information Video, available in 14 languages, here: nyc.gov/schools/Academics/ELL/FamilyResources/ParentInformationVideo.htm.

Students with Disabilities Transitioning to Kindergarten

The Department of Education is committed to ensuring students with disabilities have access to quality education and, to the extent appropriate, instruction alongside their general education peers. This policy is called *A Shared Path to Success*. All families of incoming kindergarteners, including those of students with disabilities, should apply through Kindergarten Admissions as described on pages 1-4. For more information on special education in New York City, visit nyc.gov/schools/KindergartenSpecialEducation.

Evaluation for School-Age Special Education Services: Some incoming kindergarteners will be eligible to receive school-age special education services. Students who are deemed eligible to receive school-age services will receive an Individualized Education Program (IEP).

Students who already receive special education services in preschool will be reevaluated to determine if they are eligible to receive special education services when they transition to kindergarten. Families whose children will be reevaluated for school-age special education services will be contacted by their case manager in the winter or spring to participate in the reevaluation process.

Students who do not currently receive special education services in preschool, but whose families believe may have a disability and may need special education services, may be referred for evaluation to determine eligibility for special education services.

If you believe your child may have a disability and may need special education services, please contact the Committee on Special Education (CSE) for your district of residence. For contact information, call 311 or visit nyc.gov/schools/Academics/SpecialEducation/ContactsResources/cse.

Notification about Placement and Special Education Services: Families who apply to kindergarten will receive a placement offer through Kindergarten Admissions in early April. In addition to the Kindergarten Admissions placement offer, students who require school-age special education services will also receive a letter later in the spring or summer listing those services and the school that will provide them. For most students, these two letters will list the same school placement.

Special Education Services and Supports at Schools: All schools serve students with disabilities, and are expected to provide the special education programs and services documented on students' IEPs. For more information about special education programs and services, visit nyc.gov/schools/Academics/SpecialEducation/tellmemore/importantDocuments.

Families are encouraged to apply to their zoned school and other schools of interest.

Specialized Programs in Community Schools: While most students are served in their local schools, some students may be eligible to attend a specialized program in a community school. Specialized programs exist within some community schools and are designed to meet the needs of students with specific disabilities. Some community schools offer one or more of the following specialized programs:

- Bilingual Special Education (BSE) Program
- Autism Spectrum Disorder (ASD) Nest Program and / or ASD Horizon Program
- Academic, Career, and Essential Skills (ACES) Program

Specialized Schools (District 75): The Department's District 75 provides highly specialized instruction in programs for students with significant challenges, including some students with autism, significant cognitive delays, emotional disturbance, sensory impairments, and/or multiple disabilities. For more information about District 75, see: nyc.gov/schools/Academics/SpecialEducation/D75.

Site Accessibility

All schools that are considered Functionally Accessible are indicated with the accessibility icon next to the school name and number.

Functionally Accessible Schools or Programs are located in a fully or partially accessible building where an individual with mobility impairment may enter and access all relevant programs and services, including the science laboratory, library, cafeteria, and the gymnasium; in some cases school programs may need to be re-located to accommodate access. At least one restroom is accessible.

For more information about Site Accessibility, including a complete list of functionally accessible schools, please refer to the *List of Accessible Schools*, available online at nyc.gov/schools/Offices/OSP/Accessibility.

Charter Schools

Charter schools, which are founded by not-for-profit Boards of Trustees, are independent public schools that operate under a contract or "charter" of up to five years. Many charter schools have unique educational approaches that may include longer school days, a longer school year, and/or thematic programs. Themes are diverse and can range from special language instruction to an emphasis on arts or science. Any student eligible for admission to a New York City public school is eligible for admission to a public charter school.

For a list of charter schools, please refer to the back of this Directory. For more information, visit schools.nyc.gov/charters and click on "Charter School Directory" or call (212) 374-5419 for general information about charter schools in New York City. Interested students or families should contact each charter school directly to receive specific information about the school's application process.

Transportation

In New York City, placement in an elementary school does not guarantee yellow school bus service.

If your child's school is in a different district than where you live, school bus transportation will not be available. If your child's school is in the district where you live, the New York City Department of Education will use the table below to determine if your child qualifies for free or reduced fare transportation.

Grade Level	Walking Distance from Child's Home to School		
	Less than ½ mile	½ mile or more, but less than 1 mile	1 mile or more
K – 2	Half-fare MTA bus pass	Either Yellow Bus or MetroCard	Either Yellow Bus or MetroCard
3 – 4	No transportation is provided	Half-fare MTA bus pass	

If your child is eligible for "Either Yellow Bus or MetroCard" in the chart above, your child will get a yellow school bus if:

1. The school has applied to the Office of Pupil Transportation for yellow bus service;
2. The student lives in the same district as the school; and
3. A stop for the student exists or can be created using New York City Department of Education guidelines regarding the minimum number of pupils required to create a route (11) and requirements that keep bus routes to not more than five miles as measured through each stop on the route.

Eligible students who do not meet these criteria will receive a MetroCard. This means that an eligible kindergarten student will receive a MetroCard if: he or she goes to school that does not provide bus service, resides in another district, lives in an area where there are too few pupils to create a route, or if an existing stop cannot be used and a new stop cannot be granted based on the five-mile guideline.

For information about current bus stops at specific schools, please contact the school directly.

Note Concerning K-8 Schools: In most cases, 7th and 8th grade students living more than 1-1/2 miles from school are eligible for MetroCards only. Please visit the Office of Pupil Transportation website for more details: optnyc.org.

School Performance

The New York City Department of Education collects information about school practices and student outcomes, which can help identify each school's strengths and areas for improvement. This Directory contains some of this information, which is listed on school pages and explained in more detail below. If you have any questions about this section, please speak to your school's guidance counselor or visit nyc.gov/schools/accountability, where you can find more detailed information on each school's performance in their School Quality Reports. Quality Review: The Quality Review is an evaluation of the school by an experienced educator based on a formal school visit. The educator observes classrooms and engages in conversations with parents, students, teachers and school leaders to assess schoolwide practices. The Quality Review report provides specific feedback to support the school's efforts. The Quality Review ratings on each school page reflect the most recent year that a Quality Review was conducted at that particular school. Ratings are not available for schools that opened after June 2015 and for schools whose ratings were not finalized at the time of printing. How to Read the School Pages

The school pages in this directory provide detailed information about all schools with a kindergarten program in this borough. The school pages provide information about how to contact schools, school performance, and program offerings, among other important details that will help you make informed decisions when applying to kindergarten.

There are two types of school pages in this directory: (1) **zoned school** pages for schools that give priority to students who live in a designated nearby area known as a zone, and (2) **non-zoned school** pages for schools that do not have a zone and give priority to applicants based on sibling status, district of residence, and in some cases, other criteria.

Zoned School Pages (sample school below)

1. **School Type:** Identifies whether the school is zoned, non-zoned, or a school in a choice district. Review the corresponding admissions priorities in the front of the section. Information about which priority groups received initial offers in the spring is shown; many schools were able to admit other priority groups from the waitlist later.
2. **Program Information:** When completing your application, you will need to list the program code. Schools that offer more than one program will have multiple codes.
3. **Contact Information:** Each school provides information about how to get in touch with their staff; whether it is in person, by phone, or email, make sure you are aware of the ways you can reach the schools you are interested in.
4. **General Information:** Find out how many students attended the school in 2014-2015, the grades served in 2015-2016, and if the school shares a building.
5. **School Performance and Quality Review Score:** These sections list the percentage of 3rd, 4th, and 5th graders who scored proficient in English and Math in 2014-2015, and provides the most recent Quality Review Scores. Some of this information is not applicable to all schools.
6. **ELL Programs:** Find out which English language development support services and programs a school offers. Please note that all schools offer at least English as a New Language (ENL).
7. **Icons:** Use the key in the footer of each school page to determine the following:
   - Is the school Functionally Accessible?
   - Does the school provide students with disabilities the supports and services indicated on their Individualized Education Program (IEP)?
   - Does the school provide programs for English Language Learners?

If the school answers "Yes" to any of the above questions, the corresponding icon from the key will appear in the top right hand corner of a school's box.

Zoned Schools

Admissions Priorities for Zoned Elementary Schools

Students are considered for placement at each school based on a priority order called Admissions Priorities. Students applying to the following schools will be considered for placement based on the following order:

1. Students residing in the zone, who have a sibling at the school in grades K-5 in September 2016*
2. Students residing in the zone, who do not have a sibling at the school

If space allows, students residing outside the zone may also be admitted, in the following priority order:

3. Students residing in the district, who have a sibling at the school in grades K-5 in September 2016*
4. Students residing outside the district, who have a sibling at the school in grades K-5 in September 2016*
5. Students residing in the district, who currently attend the school's pre-kindergarten program**
6. Students residing outside the district, who currently attend the school's pre-kindergarten program**
7. Students who reside in the district, other than those in (3) and (5) above
8. Students who reside outside the district, other than those in (4) and (6) above

* A sibling is defined as a brother or sister – including half-brothers, half-sisters, stepbrothers, stepsisters, foster brothers, foster sisters – of the applicant, who lives in the same household. Schools offer a priority to applicants with verified siblings in the school.

** Students who are currently enrolled in pre-k and want to apply to the same school for kindergarten will receive priority for admission in kindergarten, but only in the school they are now attending. This priority only applies to students who do not receive zoned and sibling priority. Not all schools have pre-k.

District 25 Elementary Schools

District 25 is a zoned district, which means that all families residing in the district have a zoned school, where they have priority to attend. District 25 has 22 zoned schools. There are also 4 non-zoned schools in the district, which are schools without zones that give priority to applicants based on sibling priority, district of residence, and, in some cases, other criteria. The admissions priorities for non-zoned schools are listed on the schools' pages in this directory.

While you may list all schools of interest on your kindergarten application, please be advised that many zoned schools are not able to accommodate non-zoned applicants.

- **ELA Performance (2014-2015): 45%** of elementary school students in District 25 scored at or above proficient
- **Math Performance (2014-2015): 63%** of elementary school students in District 25 scored at or above proficient

All schools in District 25 will provide students with disabilities the supports and services indicated on their IEPs.

Zoned Schools

Admissions Priorities for Zoned Elementary Schools

Students are considered for placement at each school based on a priority order called Admissions Priorities. Students applying to the following schools will be considered for placement based on the following order:

1. Students residing in the zone, who have a sibling at the school in grades K-5 in September 2016*
2. Students residing in the zone, who do not have a sibling at the school

If space allows, students residing outside the zone may also be admitted, in the following priority order:

3. Students residing in the district, who have a sibling at the school in grades K-5 in September 2016*
4. Students residing outside the district, who have a sibling at the school in grades K-5 in September 2016*
5. Students residing in the district, who currently attend the school's pre-kindergarten program**
6. Students residing outside the district, who currently attend the school's pre-kindergarten program**
7. Students who reside in the district, other than those in (3) and (5) above
8. Students who reside outside the district, other than those in (4) and (6) above

* A sibling is defined as a brother or sister – including half-brothers, half-sisters, stepbrothers, stepsisters, foster brothers, foster sisters – of the applicant, who lives in the same household. Schools offer a priority to applicants with verified siblings in the school.

** Students who are currently enrolled in pre-k and want to apply to the same school for kindergarten will receive priority for admission in kindergarten, but only in the school they are now attending. This priority only applies to students who do not receive zoned and sibling priority. Not all schools have pre-k.

Zoned Schools

Admissions Priorities for Zoned Elementary Schools

Students are considered for placement at each school based on a priority order called Admissions Priorities. Students applying to the following schools will be considered for placement based on the following order:

1. Students residing in the zone, who have a sibling at the school in grades K-5 in September 2016*
2. Students residing in the zone, who do not have a sibling at the school

If space allows, students residing outside the zone may also be admitted, in the following priority order:

3. Students residing in the district, who have a sibling at the school in grades K-5 in September 2016*
4. Students residing outside the district, who have a sibling at the school in grades K-5 in September 2016*
5. Students residing in the district, who currently attend the school's pre-kindergarten program**
6. Students residing outside the district, who currently attend the school's pre-kindergarten program**
7. Students who reside in the district, other than those in (3) and (5) above
8. Students who reside outside the district, other than those in (4) and (6) above

* A sibling is defined as a brother or sister – including half-brothers, half-sisters, stepbrothers, stepsisters, foster brothers, foster sisters – of the applicant, who lives in the same household. Schools offer a priority to applicants with verified siblings in the school.

** Students who are currently enrolled in pre-k and want to apply to the same school for kindergarten will receive priority for admission in kindergarten, but only in the school they are now attending. This priority only applies to students who do not receive zoned and sibling priority. Not all schools have pre-k.

District 27 Elementary Schools

District 27 is a zoned district, which means that all families residing in the district have a zoned school, where they have priority to attend. District 27 has 35 zoned schools. There are also 2 non-zoned schools in the district, which are schools without zones that give priority to applicants based on sibling priority, district of residence, and, in some cases, other criteria. The admissions priorities for non-zoned schools are listed on the schools' pages in this directory.

While you may list all schools of interest on your kindergarten application, please be advised that many zoned schools are not able to accommodate non-zoned applicants.

- **ELA Performance (2014-2015):** **30%** of elementary school students in District 27 scored at or above proficient
- **Math Performance (2014-2015):** **40%** of elementary school students in District 27 scored at or above proficient

All schools in District 27 will provide students with disabilities the supports and services indicated on their IEPs.

Zoned Schools

Admissions Priorities for Zoned Elementary Schools

Students are considered for placement at each school based on a priority order called Admissions Priorities. Students applying to the following schools will be considered for placement based on the following order:

1. Students residing in the zone, who have a sibling at the school in grades K-5 in September 2016*
2. Students residing in the zone, who do not have a sibling at the school

If space allows, students residing outside the zone may also be admitted, in the following priority order:

3. Students residing in the district, who have a sibling at the school in grades K-5 in September 2016*
4. Students residing outside the district, who have a sibling at the school in grades K-5 in September 2016*
5. Students residing in the district, who currently attend the school's pre-kindergarten program**
6. Students residing outside the district, who currently attend the school's pre-kindergarten program**
7. Students who reside in the district, other than those in (3) and (5) above
8. Students who reside outside the district, other than those in (4) and (6) above

* A sibling is defined as a brother or sister – including half-brothers, half-sisters, stepbrothers, stepsisters, foster brothers, foster sisters – of the applicant, who lives in the same household. Schools offer a priority to applicants with verified siblings in the school.

** Students who are currently enrolled in pre-k and want to apply to the same school for kindergarten will receive priority for admission in kindergarten, but only in the school they are now attending. This priority only applies to students who do not receive zoned and sibling priority. Not all schools have pre-k.

Zoned Schools

Admissions Priorities for Zoned Elementary Schools

Students are considered for placement at each school based on a priority order called Admissions Priorities. Students applying to the following schools will be considered for placement based on the following order:

1. Students residing in the zone, who have a sibling at the school in grades K-5 in September 2016*
2. Students residing in the zone, who do not have a sibling at the school

If space allows, students residing outside the zone may also be admitted, in the following priority order:

3. Students residing in the district, who have a sibling at the school in grades K-5 in September 2016*
4. Students residing outside the district, who have a sibling at the school in grades K-5 in September 2016*
5. Students residing in the district, who currently attend the school's pre-kindergarten program**
6. Students residing outside the district, who currently attend the school's pre-kindergarten program**
7. Students who reside in the district, other than those in (3) and (5) above
8. Students who reside outside the district, other than those in (4) and (6) above

* A sibling is defined as a brother or sister – including half-brothers, half-sisters, stepbrothers, stepsisters, foster brothers, foster sisters – of the applicant, who lives in the same household. Schools offer a priority to applicants with verified siblings in the school.

** Students who are currently enrolled in pre-k and want to apply to the same school for kindergarten will receive priority for admission in kindergarten, but only in the school they are now attending. This priority only applies to students who do not receive zoned and sibling priority. Not all schools have pre-k.

Zoned Schools

Admissions Priorities for Zoned Elementary Schools

Students are considered for placement at each school based on a priority order called Admissions Priorities. Students applying to the following schools will be considered for placement based on the following order:

1. Students residing in the zone, who have a sibling at the school in grades K-5 in September 2016*
2. Students residing in the zone, who do not have a sibling at the school

If space allows, students residing outside the zone may also be admitted, in the following priority order:

3. Students residing in the district, who have a sibling at the school in grades K-5 in September 2016*
4. Students residing outside the district, who have a sibling at the school in grades K-5 in September 2016*
5. Students residing in the district, who currently attend the school's pre-kindergarten program**
6. Students residing outside the district, who currently attend the school's pre-kindergarten program**
7. Students who reside in the district, other than those in (3) and (5) above
8. Students who reside outside the district, other than those in (4) and (6) above

* A sibling is defined as a brother or sister – including half-brothers, half-sisters, stepbrothers, stepsisters, foster brothers, foster sisters – of the applicant, who lives in the same household. Schools offer a priority to applicants with verified siblings in the school.

** Students who are currently enrolled in pre-k and want to apply to the same school for kindergarten will receive priority for admission in kindergarten, but only in the school they are now attending. This priority only applies to students who do not receive zoned and sibling priority. Not all schools have pre-k.

Zoned Schools

Admissions Priorities for Zoned Elementary Schools

Students are considered for placement at each school based on a priority order called Admissions Priorities. Students applying to the following schools will be considered for placement based on the following order:

1. Students residing in the zone, who have a sibling at the school in grades K-5 in September 2016*
2. Students residing in the zone, who do not have a sibling at the school

If space allows, students residing outside the zone may also be admitted, in the following priority order:

3. Students residing in the district, who have a sibling at the school in grades K-5 in September 2016*
4. Students residing outside the district, who have a sibling at the school in grades K-5 in September 2016*
5. Students residing in the district, who currently attend the school's pre-kindergarten program**
6. Students residing outside the district, who currently attend the school's pre-kindergarten program**
7. Students who reside in the district, other than those in (3) and (5) above
8. Students who reside outside the district, other than those in (4) and (6) above

* A sibling is defined as a brother or sister – including half-brothers, half-sisters, stepbrothers, stepsisters, foster brothers, foster sisters – of the applicant, who lives in the same household. Schools offer a priority to applicants with verified siblings in the school.

** Students who are currently enrolled in pre-k and want to apply to the same school for kindergarten will receive priority for admission in kindergarten, but only in the school they are now attending. This priority only applies to students who do not receive zoned and sibling priority. Not all schools have pre-k.
